
Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels

—for—

SAW MILLS,

Invented by T. R. Timbey of Cato N. Y.

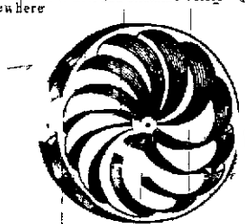
THE undersigned would invite the attention of the Public to the above named WHEELS which have been thoroughly tested in Congress with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them with the same head and breast of water applied as possessing and combining more *Strength and Speed* and giving more *Steadin Motion* in and out of water than any other wheel, not liable to break, cranks) at work with less and *Sun more Lumber* under a low head of water than any other Wheel in use

Another advantage which these wheels have over others is that it is constructed with a less number for the discharge of water which makes it more durable tures larger and allows the water to escape without filling up the Wheel

Persons wishing to adopt the FIRST MILL will do well to call and examine before purchasing elsewhere



We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery for manufacturing establishments or Mills and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already sold and in use, we feel confident in recommending them as combining more advantages than any other Wheel for perpendicular Shafts now used

As to the merits of these Wheels we would refer to the following extracts from

Certificates of experiments made with the same by Hiram A. BEARD, Esq, *Civil Engineer*.—The last and most well known as one of the most scientific and experienced practical Engineers in this country

"This wheel is formed with curved floats, the number depending upon the size and power of the Wheel which extending so far around the Wheel that when the water arrives at the jet its pressure has so far expended that it falls very nearly from the Wheel. The Wheel is inclosed in a conical wooden curb or flume, in which the water is made to fill the whole of the column being sustained by the stationary plate and ring at the upper end, so that it has no downward pressure upon the Wheel which stands perfectly free in the column of water and by this arrangement all the friction on the gudgeons and bearings of the Wheel is avoided and so much the power saved which in the *ordinary mode of operation* is wholly lost"

This Wheel is adapted to low as well as high heads of water and will run as well in backwater as that of it proceeding the head rises in a freshet as it does in the back water. But a Wheel with the jets rightly gauged for a high head will not answer for a low one and vice versa for as the head increases the width of the jets should be proportionably decreased so that the water may not issue to waste and not give its best effect to the Wheel

In point of power the trials show conclusively that this Wheel is superior to the best common Breast Wheels and has the advantage of working to good effect in situations where the Breast Wheel would be worthless it is less liable to needing repairs easily accessible when they are necessary costs much less in the outlay, is much more durable and takes very much less room in a mill or shop—and the ease of construction in all parts admits of application and excellence of power to the great advantage recommendation for this Wheel

HIRAM A. BEARD, *Civil Engineer*

"All sizes of the above Wheels with all the LATEST and most IMPROVED patterns of Mill Gearing, Machinery, &c; Shingle, Clapboard Sapping, Lath and Box Machines;

WHIG NOMINATIONS.

FOR PRESIDENT,

GEN. ZACHARY TAYLOR.

FOR VICE PRESIDENT

MILLARD FILLMORE.

FOR GOVERNOR,

ELIJAH L. HAMLIN.

Penobscot and Piscataquis

Congressional Convention.

THERE will be a Convention of the Whigs of the *Congressional District*, composed of Penobscot and Piscataquis Counties at EAST CORINTH on *THURSDAY, the 17th day of August next* at 11 o clock, A M for the purpose of nominating a candidate to represent said District in the next Congress

Towns having 1000 inhabitants and under, two delegates; over 1000 and under 2000, four; over 2000 and under 3000 six over 3000 and under 4000 ten, and over 4000 fifteen The census of 1840 to be taken to determine the number of inhabitants

It is hoped that every town will be fully represented *Per order of Committee*

July 11

☞ *The Washington Union is out against GEN. TAYLOR because he is pledged to yield his assent to the doctrines of the Wilmot Proviso, and is pledged not to resort to the Presidential Veto against it, if the people shall constitute a Congress that shall enact those doctrines into a law.*

☞ *"I do not desire the presidency, and only consent to be a candidate in the same proportion in which it is desired by the people irrespective of party; and he that cannot be trusted without pledges, cannot be trusted with them. I have no private purposes to accomplish—no party projects to build up—no enemies to punish—nothing to serve but my country."* [ZACHARY TAYLOR.

☞ *"If the enemy oppose my march, in whatever numbers, I shall fight him."—GEN. TAYLOR at the battle of Palo Alto.*

"Keep it Before the People."

At the Utica convention of Barnburners last met in February last, the following resolution was reported by a committee of which JOHN VAN BUREN WAS A MEMBER, and unanimously adopted

Resolved, That Gen. ZACHARY TAYLOR *by his masterly correspondence* with the War Department no less than be his heroic conduct and indomitable coolness and courage on the field of battle has shown himself to be not only a distinguished military chieftain, but *a man of great mental and moral power*, and whose life has given evidence of a *strong head, an honest heart, and a Republican simplicity of character.*

Gen Taylor and Free Territory.

The Washington correspondent of the New York Express, Erastus Brooks Esq in his letter of the 5th instant, states that the prospects of the election of Gen Taylor in the West are highly cheering and thus gives his reasons for this conclusion

"A week's absence from the capitol in the West, and frequent communication with the people of Ohio and Pennsylvania, convince me that the good encouragement that the friends of the next great State will be given for the Whig nomination I met a gentleman from Columbus who has travelled in nearly every county of Ohio since the nominations at Philadelphia His faith was strong, and found ample reason, too that Ohio, notwithstanding all the dissatisfaction there —and it does not extend much beyond the Reserve,—it would give Taylor a majority of from ten to twenty thousand votes In Western Pennsylvania the friends of Van Buren are preparing for an organization, and will draw largely from the regular Loco Foco strength The Whigs may lose something in the strong Anti Slavery counties through the agency and urgency of Abolition, but the civilization of other side are more in number and far more letter Gentlemen well informed assure me that old Alleghany, the Whig The stronghold of the West, will give a Whig majority of from three to four thousand The organization had begun the field and in the neighborhood, and there will be no rest until victory is secure Pennsylvania however, is debateable ground, and one of the fiercest battles in all the campaign is to be fought there

He also states upon the subject of Free Territory, a matter of much interest at the present time, that Gen Taylor is opposed to the extension of slavery over territory now free The following extract upon this subject will be read with pleasure

"I met in Pittsburg, a few days since, one of the Taylor Electors for Louisiana, an intelligent and patriotic Southron,—one every inch a man and without sectional prejudices or slavery partizan animosities. He knew Gen Taylor intimately, and assured me that while the Whigs of the South would adhere to the Constitutional rights and the Union, with unflinching tenacity and abiding faith, he was nevertheless opposed to the extension of Slavery over free territory Gen Taylor had his lessons for the rest of us, and he has shown himself to be a man of infinite sagacity and wisdom and justice. He does not believe in the extension of slavery upon a reluctant people He does not think slavery a desirable institution even where it exists of right, and leaves the necessity of the case

He holds, too, that it would be equally wrong impolitic and impractical to sow the seeds of Slavery upon any of the territories of Mexico, or in any of the territory yet to be won

☞ We invite the attention of publishers to the advertisement of Messrs Hough & Streeter to be found in another column These gentlemen stand high as teachers and will doubtless be well patronised by the public Messrs K & S would be happy to see parents with their children present to-day, at the opening of their school

Important from France.

Executive Government resigned--Paris in a State of Seige.

The following intelligence from Paris was received by Telegraph at Liverpool, from London just before the sailing of the Caledonia, and is published by the Courier & Enquirer of this (Monday) morning

Paris Friday June 23 5 o'clock P M—It is reported that the executive government have all resigned and that Gen. Cavaignac has been placed at the head of the armed forces and that the CITY OF PARIS HAS BEEN DECLARED IN A STATE OF SEIGE

At the last accounts by the despatch from London we can only say that no mail has arrived from Paris and no express, probably on account of the distribution of the crowd *There can be no doubt that a conflict of a severe nature is going on*

Gale in the Chesapeake Bay.

BALTIMORE, July 9

The Steamboat Herald from Norfolk to day experienced a tremendous gale in the Chesapeake Bay, which carried away during her whole passage Her guards and wheel were all badly injured, and at one time serious fears were entertained for the safety both of boat Several vessels were seen to be dragging anchor, being unable to weather the blow The storm has raged incessantly since yesterday and much damage to shipping and craft has been done in the bay

The Domestic Coal Trade.

So large has been the supply to the city market, that the Proprietors of the Mauch Chunk Railroad Company have thought it necessary to open a new book and credit all the vessels that arrived loaded with coal together with the amount From this it is learned that during that period, or 160 vessels have arrived bringing nearly 25,000 tons of coal The arrivals are chiefly from the Lehigh region [Balt Trav

Election of Judges by the People.

For the Whig and Courier

MR EDITOR—

While reforms are progressing in the old world and throughout our country in which are now discarded, demolished and extinguished all the streets of a great city it may be an appropriate time to enquire whether any abuses exist in the administration of our own government and what the remedy for those abuses if any are. I desire to be instructed

I believe a reform in our Judiciary system is loudly and imperiously called for I consider me that this branch of our government is a source of aristocracy, engrafted in the race of liberty and has always been profusely of the sap or nourishment of the tree that it overshadows all the other branches and I think the unprejudiced and disinterested of all parties will come to the same conclusion if they will take the trouble to examine the subject

I presume many know Reader to speak the truth plainly and that I have occasion to comment with some severity upon the doings of our Courts, but I do it with the feelings of unkindness toward our Judges or the members of the Bar generally I believe a Court composed of men of the first order of talent most of them—that they are honest—learned in the law and as long as and as far as can be in the uncertainties with such precedents and rules and surrounded by such influences—and that a change of men merely can be made for the better and that among the members of the Bar are the first men in the community in intellectuality and honesty I could name a number of men whom I highly esteem—and if in the communications I may see fit I may be compelled to do it for the sake of truth upon the system and I expect the individuals who are influenced by it habit and charge of corruption must rest and that I am prepared to amend

Now I ask Is it just as I believe many good honest men do deeply feel so as the Lords of Michigan but the Lords of the Romish Church upholding systems which grind and oppress the people to the earth think they are doing God service Is it a few years since a great majority of intoxicating liquor to become sober until he had stripped him of all his personal property obtained a mortgage of his farm murdered him by inches and finally sent a drunken to a premature grave and leaving a family of helpless children to the charities of a cold world and still be esteemed a worthy citizen may I ought I be taught have a high standing in a Christian Church

It was once thought quite commendable for a minister of the Gospel to take a glass of brandy before proceeding to preach a funeral sermon Long established custom is very apt to make a practice appear consistent with the strictest rules of morality which when viewed in the true light is immoral sin and gross wickedness

The reform to which I allude is as very important in the administration of justice as that by the people and that for a limited term—the simplifying of our proceedings in Court—I mean the law of pleading as to criminality and the cutting adrift from those not regulated rules and precedents hitherto the dark ages under the most despotic governments which are wholly inconsistent with a free republic and do almost inconceivable injustice to individuals

I the facts which I presume are true the arguments sound and inferences correct your readers who are not prejudiced by personal interest I believe will agree with me that some change is absolutely necessary And as I wish to present the truth plainly, I shall give my name and place of residence—not for the sake of making a display of literary merit for of that I have none—nor to gain a little newspaper notoriety, but of presenting important truths that have a bearing upon the vital interest of the community—more important than the question of slavery, because a reform that can be accomplished by the will of the people—more important than any political questions that elevate the passions, because more money is unjustly taken from the pockets of the laboring classes than by any measures proposed by any political party And let me here say that I believe it a fixed fact, that the party which is honest ready and willing to adopt real reformations must eventually triumph

In arguments in favor of a change of our Judicial policy, I shall attempt to show that our Courts make a discrimination in the distribution of justice in favor of those who obtain a living by fees, allowing large amounts of illegal cost to Attorneys and others—adopting rules as their favor that are not allowed to those who obtain a livelihood by manual labor

That in discussions on questions of law there has always been and still is a leaning in favor of the creditor portion of the community so much so as in some cases to deny a trial by Jury where justice evidently demands it and where they admit a literal construction of the law would give it

That common law and the rules and precedents established under it ride over statute law and almost quite over the Constitution itself, in the practice of our Courts

These I am aware, are grave charges made against a dignified department of the Government which has hitherto almost escaped from public scrutiny and against which no such charges should be made unless they can be fully sustained

There is no lack of talent in the present Judicial system to sustain it from any attack from me if it is founded in justice and equal right—and if it is not the fearless individual ought not to shrink from exposing it although he may expose himself to the sneers and jest of dispensers—For one I have nothing to fear I am fully aware that my course is against personal popularity because I pull up from our Courts as they did upon thrones two or three centuries ago Then the cry was to wit the King can do no harm—now it is, *legality so the Court have so decided it must be so*

From this decision I demur and appeal to the great sense of the people hoping that these charges will be copied into every paper in the State that is in favor of popular rights and equal justice to all whatever political creed it may advocate and that the people also which I shall give to sustain the above charges may be viewed before the people and that both sides may have a fair hearing for either yes chairmanship and I shall be satisfied with the result whatever it may be

In my next I shall endeavor to bring proof to sustain the first charge here made

Albany June 26, 1848

Gentlemen I have the honor to acknowledge the receipt of your letter of the 19th inst informing me that I have been nominated by the Whig Convention of Philadelphia, and inviting me to participate with the most exciting canvass ever had in America and the people are

You will kindly excuse me for not complying with your request The precise course I should pursue in accepting or declining the nomination for the office of Vice President of the United States is a question of delicacy and difficulty, which I have not yet had time to consider with the respect it deserves A new and important trust like this, devolves all responsibility upon the individual who accepts it, and requires the most mature deliberation before a decision is made I should be unwilling to decide hastily upon a question of such magnitude and importance to myself and to my country

WASHINGTON, July 2

While General (then Colonel) Taylor was serving in Florida the conflicts with the Indians Many of these negroes were claimed by persons in Georgia and Alabama from whose service or from whose service of whose father was combined they had escaped Agents on behalf of the claimants were despatched to Colonel Taylor, expressly to recover them In spite of all authority of the persons claimed as slaves were rescued and the property claimed upon Col Taylor refused to allow the claims or even to examine them He had the right to do so in the army against public enemies and that right was maintained by the Supreme Court Now it will be remembered that Texas was a slave State and the question arose whether the negroes who either as a quarter in a military enterprise and in the performance of his character as a private citizen were entitled to their freedom and Mr Clay is said to contend that as such they were entitled to their freedom and that it will be held next Monday The Observer is anticipating the call for the meeting and compliments the same during some his which assumed as that the act will obtain place were crowning the people of Jackson and Hermitage, as unlike the friends of the good cause in Lexington and that they will as small pretensions contend, quite just yet vigorous

DYSENTERY CORDIAL,

—AND—

Immediate & Perfect Cure

—FOR—

CHOLERA MORBUS DYSENTERY DIARRHŒA, SUMMER COMPLAINTS OF CHILDREN, SEA SICKNESS &c

FEMALE DEBILITY, etc etc

WHERE the ailing world is fast learning that Mrs Kidder's Dysentery Cordial and Pain Destroyer are no longer to be secondly considered, a flood of new testimonials will pour in—all of which will assuredly prove the merits of the original and never failing remedy if taken at the proper moment.

It will be before the public for more than six years and was the first article made known to the public for the cure of Dysentery and Diarrhœa. Through testimony of the most unquestionable character and every climate and disease, it has proved itself to be the most effectual and speedy cure in the known world. Those who have used it in the United States, during which time it has been distributed from Boston to Florida, has only served to establish its preeminent merits in all parts of the country as the great and only infallible remedy in the world cases of Dysentery, and the most agreeable quiet way of all the slight forms of colds coughs and pains to which we are subject. Yours respectfully

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

(From the Cincinnati Free man.)

While we recommend quackery we are always pleased to give credit for that which we truly consider is to give information which may benefit others. A few days ago a brother of ours from Northey Mississippi came into our office a complexion indicating health, whom we had not expected to see again on earth. We recognized in the person of the brother of Jonathon Corbly resident in the house which is now occupied by the widow Corbly but he was confined to his bed and could not probably continue but a short time Judge then of our surprise when we saw him enter our office He has a slight cough remaining on his voice he informed us that he should live until he had further time for singing a requiem of things for the comfort of his death The following letter which he addressed to the general Boston Agent for the medicine which has restored him so wonderfully will show what medicine has been the instrument of the good work

Boston, Feb 16 1847

Dr D F Bradley—Sir—I cannot refrain from saying a word to you as a commendation of Buchan's Hungarian Balsam of Life. Here is a plain statement of facts in relation to my case, and if it is the means of service in inducing the sick to seek relief at the source from whence I obtained it I shall be thankful

My residence is New way Me. On or about the first of October I was exposed to cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left side. Last June I had become so feeble that I was obliged to quit all work, and was confined to the house and in bed about four weeks since During that time I received the best medical attendance that could be had, but all to no purpose, and for the last three weeks my cough was considered by my self Two of my physicians gave me up as past recovery But as fortune would have it I heard of the Hungarian Balsam and immediately procured a bottle This gave me instant relief, and six bottles have broken up my cough, and physicians in a state to resume, with advancing health, my usual occupation.

BE WISE TO-DAY

Delay in case of Consumptive tendency, is emphatically Death, under all ordinary treatment The Hungarian Balsam as a great ANTIDOTE as well as CURATIVE If you have any of the symptoms above described, be advised in time

Buchan's large bottles are only one dollar per bottle

DR. WARREN'S

Sarsaparilla, Tomato and Wild Cherry

PHYSICAL BITTERS,

At 50 Cents per Bottle!

SARSAPARILLA, Tomato and Wild Cherry Bitters have now been established throughout the country, and universally approved by physicians as a safe, speedy and effectual remedy for *Scrofulous Affections and Cutaneous Eruptions, Jaundice, Indigestion, Dyspepsia, Biliousness, Liver Complaints, Costiveness, Weak and Sore Stomach, Ulcers and Running Sores, swelling of the Limbs, Pain in the Bones, Tumors in the Throat, Rheumatic Affections, Salt Rheum, Erysipelas, Scald Head, Blotches, Eruptions on the face or body, Canker, Consumption, King's Evil, Chronic Catarrh, Lung or Bronchial Affections, Dizziness, Shallow Complexion, and all those disorders arising from the abuse of Mercury, or from an impure taint in the blood no matter how it gained*

The extract here presented is prepared from directions given by the celebrated Dr Warren, but the name of both, and will be found superior to any preparation of the kind now in use It is highly concentrated entirely vegetable, and very short by reason of the change which it produces in the constitution and tendency of the system is *speedy and permanent*.

As a spring Medicine for purifying the blood—a wrong living the stomach and body—and correcting all unnatural habits—the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled

The Great Remedy for Gonorrhea

GLEET, Stricture and all Affections connected with Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass would here say that in presenting to the public this remedy during the last 40 years, he introduced the Paste to this public not from the encouragement of a few individuals in this city—thousands of individuals who are going down to premature graves by taking the mineral & drugs of the day

Dr. D most solemnly affirms that during this practice of forty years the Paste has never in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians for months and even years but after taking the Paste for a few days the organs were in most happy tune and the patients were discharged entirely cured

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at the present time.

If in case the Paste should fail to effect a cure in the shortest possible time ten times the price paid for, it will be given the purchasers on returning the empty boxes

For sale only by the principal inventor and sole proprietor, Dr PETERS DOUGLASS at his Office, No 95 Union street Boston at $5 per box where he can be confidentially consulted on every disease incident to the human frame and the latest treatment upon the most beneficial course of treatment that can possibly be adopted

Certificate from Col Tate, Postmaster of the Columbia Democratic Press

OFFICE OF THE COLUMBIA DEMOCRAT
Bloomsburg, Columbia County Pa
March 11 1848

Dr William Wright—Dear Sir—I am one of the many who are seeking an acknowledgment for the benefit of the benefit we are willing to pay for good medicine Actuated under this influence I have seldom recorded to the Pill business but March when you commenced advertising in this paper, I was induced to give your Indian Vegetable Pills a trial and after having fairly tested the merits by myself and family gave them a decided preference over every other preparation

In every instance when afflicted with sick headache or when the stream of life was encountered with morbid humors, I found speedy relief from the use of your Pills, By taking from 1 to 3 on going to bed when indisposed I have always been restored to health, without loss of time and without the expense of a physician Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually without disturbing the rest of the patient and in my case without producing even sickness at the stomach

Respectfully your friend, &c
LEVI TATE

[From the Delaware Express Delhi, N Y]

Wright's Indian Vegetable Pills.—Although not particularly friendly to patent medicines we must confess that we have become a convert to these pills having had an opportunity on one or two occasions to test their efficacy. For a gentle medicine, we believe will be found in all through effect. Where there is another unpleasant taste accompanied and more thorough medicine is required a dose of three or four of these pills taken on going to bed, will be found effectual in cleansing the stomach and restoring the bowels to a healthy state We speak from experience and take pleasure in commending the pills to the public

Look out for Counterfeits!

Some are coated with sugar, others are made to resemble, in outer appearance the right article The safest course is to purchase from the agents only one or more of whom will be found in every town and county in the State

INFLAMMATION OF THE LUNGS

New York July 1 1847

Dr VONDERSMITH—I have been subject to a cough & pain in the breast all the time of breathing for many years past About two months ago I took a severe cold which settled on my lungs I was unable to attend to my business during the day I had to call on my physician at night who said I was in a state of inflammation of the lungs, and also from its age and appearance I considered it to be the best tactics to exhaust the disease in the system I chose Dr Vondersmith's Indian Cough Balm and Lung Balsam in preference to the more violent practice of my physician I am happy to say that in one week I was entirely relieved from the disease and am now in the enjoyment of perfect health and strength
